The principal business of the day in the stock market ras done in Western Union Telegraph, of which some 5,000 shares changed hands, at prices ranging from B)4 to \$414. Toward the close, however, sales were nade at 84%. It is now generally assumed that the rates will be advanced. Concerning the proposed consolidation with Atlantic and Pacific Telegraph there are no new developments. "Puts" on Western Union were hacific Mail weakened from 38% to 37%, closing at 37% n rumors that the City of Peking would be compelled to mdergo expensive repairs before the ship would be gain in a seaworthy condition. The estimates range from \$60,000 to \$250,000, figures so widely apart that, they indicate uncertainty and are suggestive of a possible "job." A usually well informed director of the company states that the damage is not so great as is generally reported, and that the place of the steamship in the line will be taken by the Alaska. Eric was active, on reports that a new "pool" has been or-panized; but there are yet no revelations by the English commissioners now inspecting the road which in themselves warrant a change of price. The figures of the day were 16 a 15 % a 16 %. Lake Shore was beavy at 60 % a 60 % a 60 %, and at the close there were statements that the earnings for July would largely fall hort of those recorded during the same month in 1874. THE POBLICS MARKET.

The special cable despatches from London to the Evening Telegram, which are circulated on the streets at twelve o'clock M., describe the foreign market as

LONDON, August 16—3:30 P. M.

At the opening of business this morning the strength and activity noted in the various markets on Saturday were continued. The market opened strong, and with a decided upward tendency. The improvement was more especially marked in Eris Railway shares, which, since the closing quotations of Saturday, have advanced \(\frac{1}{2} \) per cent. They are now quoted at \$14\), against \$13\)\ on Saturday atternoon. The whole market shows the improved state of feeling, and values have appreciated all around. Consols are a shade higher, having advanced \(\frac{1}{2} \) per cent; they are now quoted at 93. Five-twenties of 1865, government bonds, have also risen \(\frac{1}{2} \) per cent, the price at the close of business being \$107\)\(\frac{1}{2} \), against \$107\)\(\text{ oil Saturday evening.}\) United States ton-forties, ex coupon, are quoted this morning at \$104\)\(\frac{1}{2} \). They closed on Saturday, coupon on, at \$106\)\(\frac{1}{2} \). The shares of the Illinois Central Railway participated in the upward movement, and are quoted \(\frac{1}{2} \) per cent higher, the price now being 8S. Union Pacific sixes show a clean jamp of \$1\)\(\frac{1}{2} \) per cent. They closed on Saturday at 91 and opened this morning at \$25\)\(\frac{1}{2} \) per cent higher, the price now being 8S. Union Pacific sixes show a clean jamp of \$1\)\(\frac{1}{2} \) per cent. They closed on Saturday at 91 and opened this morning at \$25\)\(\frac{1}{2} \) per cent. This is the most marked improvement of the day among the standard securities. The land grants of the Union Pacific Railway, following in the wake of the first mortgage bonds, have gone up \$5\) per cent. They are now quoted at 92. The sax per cent bonds of the State of Virginia consolidated debt are quoted at 63. There has been but little imquiry for them, however. All the midications are that the coming week will be one of commercial activity and prosperity, the outlook for the near future being brighter than it has been for weeks past.

SEC

Business during the day has been comparatively dult, the activity noticed in my first despatch relative to the opening condition of the market not having been maintained. The submalance of money gives great case to the market, and there is almost nothing doing in discounts. There is a steady demand for investment

securities of the better grade, such as first class railroad and government bonds. In most instances the sales of securities of the grade above mentioned have been made at advanced figures, and the tendency is still upward. This demand for investment stocks habeen the important feature of the market to-day. The tone of the market is healthy, although business has been dull, and there are numerous evidences of the elements of strength which it contains. Another marked feature of the market to-day has beet the especial demand for Erie Railway shares. The sales of this stock have been large. The price of Erie has advanced still further. In my first despatch it was quoted at 14%, then came a hall and it foil of a trifle after which it rose to 14%, at which price it closed. The prospects are still bright, and there is every reasor to believe that business will enliven, and that prosperity will prevail. This hope is predicated on the evidence that the railways will shortly be the recipients of greatly increased traffic. securities of the better grade, such as first class railro

Deara of an Excellent Young Lady.—Miss Maud Beck, daughter of James L. and Sarah Beck, formerly of Pensacola, Fla., died at the residence of Mr. S. Law Mailard, in this city, at one o'clock A. M., on Friday, the 23d ult. Miss Maud had very recently returned from a visit to her mother and two sisters near Darlen, Ga., and was spending some time with Mrs. Mailard when prostrated by a fatal attack of brain fever. Hes sufferings were considerable, but she bore them with patience and fortitude, manifesting a presentiment of her approaching doath, carnestly expressing her wish to die and 'go home to her God.' She was a member of the Episcopal Church, a most amiable and pleasant young lady, of many valuable accomplishments, taking a firm bold upon the regard and affections of her acquaintances, and rendering society about her joyous and agreeable with a happy blending of industry, gayety and kindness. Such a disposition could not want friends, and the illness of Miss Mand surrounded her with numerous sympathizing hearts, tenderly essaying to mitigate her sufferings, but too soon to be overwhelmed with grief by the ruthless hand of the destroying angel. The funeral service was performed in the Episcopai church, at nine o'clock A. M. on Saturday, by the rector, Rev. P. T. Babbitt, of Bain bridge, and her remains deponited in Laurel Grov Cemeiery amid the tears and sobs of congregate.
